Daily Progress Report

Project Title: Student Management System
Date: 2-Feb
Worked Modules: Teacher Dashboard, Student Dashboard, Assignment Section

Work Done Today

1. **Teacher Dashboard**
   - Reviewed and improved the existing teacher dashboard interface.
   - Added an Assignment section with an action button allowing teachers to assign assignments.
   - Ensured dashboard statistics such as subjects, students, and classes are displayed clearly.
   - Displayed recent attendance records for quick monitoring by teachers.
2. **Student Dashboard**
   - Worked on the student dashboard layout to support academic information.
   - Prepared the dashboard to display assignments assigned by teachers.
   - Ensured the dashboard will show attendance status (present/absent) for students.
3. **Assignment Section (Teacher Side)**
   - Integrated the assignment feature into the teacher dashboard.
   - Designed the workflow for assigning assignments based on class and subject.
   - Ensured proper navigation from the teacher dashboard to the assignment creation section.
